The diverse curriculum accommodates learning styles, social skills, and academic preferences. A new language instruction model, "Inside Language," addresses the unique needs of many of today's students. The program is available to students in grades three through twelve and is designed to engage student interests and promote lifelong study of the English language and its skills. Grammar Explorer's unique curriculum focuses on interactive learning and an accelerated pace of instruction. The program also includes a variety of curriculum-aligned activities, such as reading, writing, mathematics, music, art, physical education, and science, that reinforce grammar instruction and motivate students to progress at their own pace. The program promotes independent, lifetime learning by promoting successful transition from one language course to another. Grammar Explorer provides a series of periodic assessments to monitor student progress, and the accompanying curriculum materials and services are available to all students throughout their entire language journey. Founded in 2001, Grammar Explorer has established itself as a leader in its field, providing a comprehensive suite of materials for the growing number of English language learners in our country. Grammar Explorer is honored to support the success of all students in becoming literate and contributing members of their communities.
