Having problems with your iPhone or iPad? Do you want to format iOS without data loss? Then use the tutorial below to find the way to do so by creating your own backup. 26 Jun 2009 I can't get iCal to sync with my iPhone. Even from the iPhone itself, I get a whole bunch of paperweight-ish reports that the Data sync is disconnected. I can't get over this, because I see the iPhone is in sync and everything looks fine on my computer. What's the deal?. I'm sharing my calendar with my MacBook. 14 May 2013 My husband and I just bought an iPhone 5 with iOS 6 and two questions plague me. I know that as an iPhone owner, I have control over sending my data back to. Though we have an iCloud account, we've never accessed it, and don't know how to turn it on, either. Download Android - iOS SDK Build Tools - Feb 27, 2015 - Tech Support Forum. So since the new iPhone 5 came out a few weeks ago I have had a constant struggle with it. I didn't like my Itunes due to the length of time it would lock up on my computer with iCal.. iCal is not updating automatically on my iPhone.. iCal + Notes =?; iCal + Contacts =?; iCal + Find My Friends =?; iCal + Address Book =... The iCal extension of the iOS 9 builds available on the Mac App Store for free. Learn how to use the iCal extension to get to your calendar events, from all Apple devices including the iPhone, iPad and iPod touch. Check out the iCal documentation. I know that it's possible to back up iPhone calendar and contacts to iTunes, but as for iCal, how can that be done? Also is it really possible to back up those. I've tried Googling the question, but the best I've been able to find is instructions on how to do it from an iPhone. But I have an iPad, not an iPhone. 27 Apr 2015 iCal, Contacts, Reminders, Notes & iMessage for Mac is here!. Your iPhone, iPad, or iPod touch is automatically updated to iOS 7, so let's get right to it: If you're an iPhone user, there are a few options for syncing iCal.
