## Pricepirates [Latest-2022]

A free, fast and powerful tool for finding online bargains! Pricepirates Cracked Accounts is a simple application for searching for bargains in online stores. The software is easy to use and very intuitive. After the pricepirates application is started, the interface is displayed with the search box at the top, the results list on the left, the price tag and expiration date at the bottom and the search results tab on the right. The main window can be accessed through left and right mouse click or clicking on the arrow at the bottom right of the screen. Pricepirates Features:

- Detailed results
- Search results and prices per category
- Search for bargains by expiration date and/or max bids
- E-mail, Comments and Likes directly from the results
- Compare prices per website
- Create shopping lists
- Search up to 20 websites
- Search websites by popular keywords
- Favorites, Bookmarks and

---

Cookies • Search history • Blacklist and Whitelist •  
Show expiry dates in results and search history •  
Search for bargains directly on the pricepirates  
website • Calculate bargain percentages

Pricepirates does not work only with online stores,  
you can use it to find bargains for any product that  
can be found on the Internet. It works by  
comparing prices from selected online stores. You  
can select up to 20 sites to be searched and up to 20  
keywords to match in the search query.

Pricepirates gives you a table with the prices of  
your searched websites next to each other. After  
the search, you can download the price list as a  
CSV file. Pricepirates Tips: - Type in the name of  
a website. You can also click on it in the results list.

- Click the arrow at the bottom right to access the  
main window. - Click on the left mouse button to  
mark a website as favorite or as a bookmark. -  
Click on the right mouse button to close the current  
search result, if necessary. - Click on the double  
left mouse button to select one of the search

---

results. - Click on the right mouse button and choose a name for the result. - Click on the right mouse button again to clear a selected search result. - Click on the right mouse button to toggle between the results list and the results tab. - Click on the left mouse button to go back to the main window. - Click on the search box or the arrows at the top right to clear the search query
